CEO ARTICLE

Maintaining affordable electricity for members

If you have gone grocery shopping or filled up at a gas station recently, you know firsthand how the cost of goods fluctuate. The United States Department of Agriculture reported meat prices in 2021 increased an average of 8%. Gasoline prices rose 58% since last year, fuel oil was 59%, natural gas was 25%, and electricity prices in the U.S. rose by 6.5%.

The U.S. Energy Information Administration (EIA) forecasted U.S. households’ heating bills to increase 54% compared to last winter. The EIA expects the Midwest to see 49% increases for natural gas-heated homes and a 54% increase for propane. The good news? Homes heated with electric heat are expected to only be modestly impacted at 6%.

Kandiyohi Power Cooperative is committed to serving member-owners like you with safe, reliable, and affordable electricity. KPC understands the challenges our member-owners face, and we work to keep costs stable while improving the resiliency of the grid.

The electricity you use is generated and transmitted regionally. It is monitored by an Independent System Operator (ISO) that looks at energy demand and what generating resources will be needed every day. This process helps us manage energy demands.

The structures in place that monitor, protect and supply electricity to your home are constantly reviewed by KPC, Great River Energy, and the ISO. This level of analysis is one reason electric costs have not seen dramatic increases during the past three decades. Locally owned operations along with constant review of systems for security and safety — through the cooperative business model — are just a few reasons electric costs remain stable for member-owners like you.

Ryan Nelson, CEO
February may be the shortest month, but it’s packed with special observances like Presidents’ Day, Black History Month and Valentine’s Day, in addition to a host of unofficial “national” days you’ve probably never heard of like “National Tater Tot Day.” But they all have something in common. They were created to draw attention to a particular issue or theme.

Valentine’s Day may seem like an observation originally created by a greeting card company, but over time, it’s become a widely celebrated day generating millions of dollars spent on flowers, candy and of course, greeting cards professing our love. But Valentine’s Day isn’t just for the lovebirds. It’s also the perfect time to let our friends, family, co-workers, and other special people in our lives know we care about them—with or without a store-bought greeting card.

So, in that vein, we’ve created our list of top five reasons why we love serving you, the members of Kandiyohi Power Cooperative.

1. We love serving our members because without you, the co-op wouldn’t exist. Our purpose is to provide you with reliable, responsible, and safe electricity. Simply put, Kandiyohi Power Cooperative exists to serve you. That’s why we were formed- to bring power to our local area when for-profit utilities would not.

2. You enable us to complete our mission by supporting our efforts to give back. A major part of our mission is to serve our community and look after the greater good. With your assistance, we’re able to help the most vulnerable members of our community through food and toy drives and programs like Operation Round-Up that help local families pay their energy bills when times are tough.

3. Members of our co-op also serve on the board of directors. They provide guidance for setting co-op priorities and helping make big decisions. Because our board members live in the area, they’re able to serve as the pulse of the larger community and identify immediate and long-term needs. The broader co-op membership provides helpful input through their vote on director elections and by weighing in on co-op and community issues.

4. You help us get it right. Kandiyohi Power Cooperative members are great about keeping us in the know.

5. You and other Kandiyohi Power Cooperative members make up the community we serve—and for us, it’s all about community. Our employees live and work here too and care about our community the same way you do. We’re invested and work to help it thrive. It’s also why we invest in economic development, and why you’ll see our employees volunteering at local schools and other charitable and community endeavors.

As a co-op, our mission is to enhance the quality of life in our community and look after its long-term interests. We love serving our members and our local community, and just like you, want to see it continue to thrive.

**FIVE REASONS WE LOVE SERVING OUR MEMBERS**

1. Use a smart power strip. Plugging in your most-used devices, like computers, monitors and routers, to a smart power strip ensures these devices aren’t drawing power when they’re not in use. Smart power strips also give you the option to select which devices should stay in “always on” mode.

2. Unplug your least-used equipment. If your home office includes equipment like printers and scanners, you’re probably not using these electronics every day. In this case, go ahead and unplug your least-used electronics and devices, since many of these draw energy even when they’re not being used.

3. Choose ENERGY STAR®-certified office equipment. If you’re looking to purchase new equipment for your workspace, look for the ENERGY STAR® label to ensure you’re getting the most energy efficient features. Computers, monitors, imaging equipment and other office electronics that receive the ENERGY STAR® rating include power management features to make saving energy easy, and most are designed to run cooler and last longer.

4. Flip the switch and use natural light instead. It’s still chilly out there, so take advantage of natural light and additional warmth from the sun. When you’re working during the day, open blinds, curtains and other window coverings to let natural light in—and don’t forget to turn off the lights to reduce energy use!

5. Lower the thermostat. Home heating makes up a significant portion of your energy bills. Turn the thermostat down a couple degrees during the day to reduce energy use and save money. The Department of Energy recommends setting the thermostat to 68 degrees or cooler during winter months. You’re more likely to stay focused and alert when it’s cooler in your home, so all the more reason to mind the thermostat.
DIRECTOR FILINGS NOW OPEN FOR ONE DIRECTOR IN EACH DISTRICT # 1, 2, 3.

Would you like to serve as a Director on the Kandiyohi Power Cooperative Board for your district? Please call Robin at 320-796-0989, email rryks@kpcoop.com or stop by our KPC office and request a Directors Packet. These packets contain the cooperatives bylaws, as well as the qualifications to become a director. As a board director you will serve a 3-year term and must reside in the district you are filing for. Filings must be signed and returned to the KPC office by Monday, March 7th, no later than 4:00 p.m. Election results will be announced at the Annual Meeting on April 26, 2022.

PAY ONLINE
Pay your bill, view energy use history, set up alerts and update your contact information through SmartHub. SmartHub is your one-stop shop for online account management anytime day or night. Visit our website www.kpcoop.com and see how to create your account in SmartHub.

PAY NOW
Make a quick, one-time payment using the Pay Now option. All you need is your account number and the last name or business name on the account.

AUTOMATIC DEDUCTION
Make it easy and don’t even think about your monthly bill. Sign up to have your bill automatically drafted on the first of every month from the bank account of your choice. Sign up through SmartHub.

BY MAIL
When paying by mail, return the top portion of your bill with your check or money order and keep the bottom portion for your records. Please do not send cash. Payment envelopes are included with your statement.

If you have misplaced your payment stub, mail payment to:
Kandiyohi Power Cooperative
8605 47th St NE
Spicer, MN 56288

DROP BOXES
Drop boxes are available at Cashwise in Willmar and in the circle drive at our headquarters.

IN PERSON
You can pay your bill in person at our office from 7:30am to 4:00pm, Monday through Friday, except holidays. Payments can be made with cash, check or credit card. Visa, MasterCard, Discover & American Express cards are accepted.

BY PHONE
Payment by phone is available anytime. You can make a payment by phone using a credit card, debit card, checking account or savings account. Visa, MasterCard, Discover and American Express cards are accepted.

WAYS TO PAY YOUR BILL...

BUDGET BILLING
Kandiyohi Power Cooperative offers budget billing as a monthly payment plan intended to take the seasonal highs and lows out of your monthly heating and cooling bills.

Budget billing is a free, stable payment plan. It gives you more predictable bills by averaging the amount you pay each month. Your budget amount is calculated by averaging the actual billing for the previous twelve months. Budget amounts are recalculated each year and reflected on the July billing statement.

PAYMENT ASSISTANCE
For those members that have trouble paying their electric bill, several agencies are available to help.

If you are unable to bring your account up to date, please contact one of the agencies below. You may be eligible for assistance with your heating and cooling costs. If you qualify, the payment will be made directly to KPC.

CONGRATULATIONS to Curtis Newberg!
Curtis is our AutoPay Promotion winner. Pictured is CEO Ryan Nelson and Curtis with his new Nest Thermostat! The Nest Thermostat can use sensors and your phone’s location to check if you’ve left, then sets itself to an ECO Temperature to save energy. With the Nest app, your thermostat lives on your wall and in your pocket. Once you connect your thermostat to Wi-Fi, you can control it from anywhere. Adjust the temperature from the app, and the Nest Learning Thermostat adjusts quickly back at home.

We are continuing our AutoPay Promotion, so don’t delay signing up. Every month we will draw from those who have signed up for AutoPay, past and present, for a $25 bill credit.

CALL BEFORE YOU DIG!!!
